Burns & McDonnell Expands Footprint, Plans to Add Jobs in Arizona

PHOENIX, Arizona — Burns & McDonnell, a 100% employee-owned engineering, architecture and construction firm, has expanded its office spaces in [Phoenix](#) and [Tucson](#), Arizona, to accommodate its growing team. The firm has grown 20% locally this year and plans to create another 30 jobs in Phoenix and 15 new jobs in Tucson by 2021.

Burns & McDonnell is adding 5,000 square feet to its 30,000-square-foot office in the Central Arts District in downtown Phoenix, where the firm now has 100 employee-owners. Burns & McDonnell [continues hiring](#) engineers, architects and construction professionals to support energy, power, aviation, federal and municipal clients.

“For nearly two decades, we have been serving our clients in Phoenix with turnkey engineering, architecture and construction solutions,” says [Patrick Edwards](#), vice president and general manager for Burns & McDonnell in Arizona. “With a focus on giving back to the community and developing lifelong relationships with our clients, we look forward to continuing our growth in Arizona as we welcome top talent to our team.”

The team in Arizona offers a variety of services, including planning, design, analysis and construction for commercial buildings, solar energy, mining, power distribution systems and aviation infrastructure projects.

In 2019, the firm was named [Engineering News-Record's Southwest Design Firm of the Year](#). Additionally, the firm has been named a Top Company to Work for in Arizona by the *Arizona Republic* and *azcentral* for six years in a row.

The [No. 1 ranked firm in Power by Engineering News-Record](#) established its presence in Phoenix in 1999 and has steadily grown its revenue each year, doubling since 2014. In Phoenix, the firm has managed approximately \$1 billion in projects with clients such as Arizona-based utilities, University of Arizona and city of Phoenix. The growth in Arizona is part of the firm's overall growth nationwide, now averaging more than 1,000 professionals annually.
