

FOR IMMEDIATE RELEASE**Kevin Sepulveda Named Burns & McDonnell Construction Director for Commercial Projects in California**

BREA, California — [Burns & McDonnell](#), a 100% employee-owned engineering, architecture and construction firm, announced [Kevin Sepulveda](#) as director of commercial construction for the firm's California region. He will have responsibility for [construction operations and execution](#) of commercial projects in aviation, federal, ports, manufacturing, transportation and environmental sectors.

Sepulveda has more than a decade of experience, previously serving as a construction department manager and project manager for the firm in food and consumer products. His project scope includes greenfield plant, plant expansions and retrofits across the U.S., including a recent project in California.

“Our employee-owners in California are excited to lean into Kevin’s knowledge and experience in the construction industry,” says Rashmi Menon, vice president and general manager for [Burns & McDonnell in California](#). “His positive attitude, aptitude for safety, and his people-first mentality will be key to delivering innovative and successful projects for our clients.”

Sepulveda will join Sean Kenny as a construction director in California. Kenny serves as the construction director for industrial projects in the transmission & distribution, oil, gas and chemicals, power generation and water sectors.

“As a California native, I look forward to designing and constructing the state’s infrastructure,” Sepulveda says. “The projects and clients we support play a pivotal role in our lives as well as the lives of future generations to come. It’s an honor to help build these transformational projects for our communities.”

Sepulveda grew up in California and graduated from Cal Poly San Luis Obispo with a bachelor’s degree in architectural engineering.
